JOB PROFILE ID	P_CAT20636_HEO5
JOB CATEGORY	Professional
JOB FAMILY	Research Animal Welfare Veterinary Support
COMPENSATION GRADE	HEO5
MANAGEMENT LEVEL	19 Individual Contributor

JOB PROFILE SUMMARY

PRIMARY FUNCTION

The main purpose of the job is to provide best teaching delivery in small animal anaesthesia to DVM students and best-practice veterinary services in small animal anaesthesia to referral clients of the UVTHS. The successful applicant will be supervised by the anaesthesia academics, clinical specialists and registrars in delivering practical classes for DVM students and will provide close supervision of clinical year veterinary students rotating through the service.

DECISION MAKING AND DELEGATIONS OF AUTHORITY

The staff member will work under general supervision with some direction provided on key accountabilities. They will have some discretion to choose between established methods and sequences provided set priorities and deadlines are met. They will be expected to exercise some initiative and judgement in resolving minor problems associated with day-to-day operating procedures. They will resolve all routine matters linked to their key accountabilities and help with resolving some more complex matters. They will be required to plan their work to ensure that deadlines are met, and goals are achieved. The position holder may be responsible for a defined technical body of work and may provide advice on the approval of more senior staff members or their supervisor. All decision making in relation to clinical services will be made under the supervision and direction of the senior clinical staff.
